# BUILD A CAREER

Wherever you are in your education, there is a path for you to join the construction industry. There are a few different career paths that can take you all the way to the top of the construction industry - either through apprenticeships, associate and certificate programs, or four-year universities. Take the path that best suits your needs! Apprenticeships are often called the other 4-year degree as they are often 4-5 year programs that offer pay and benefits while you train, job-site experience, and are debt-free! To learn more, visit our website: [www.uniconroc.com/apprenticeship](http://www.uniconroc.com/apprenticeship)
