Surveyors	\$45.49	+ \$28.90	= \$74.39
Teamsters - Building/Heavy Highway	\$26.78	+ \$26.37	= \$53.15

WHAT IS AN APPRENTICESHIP?

Apprenticeship programs are a great way to become proficient in a trade while working in the union and earning a paycheck. The curriculum encompasses classroom instruction and jobsite training. Depending on the craft, programs typically last 2 to 5 years and apprentices receive pay raises annually.

Apprenticeships are nicknamed "the other 4-year degree."

Over their lifetime, graduates of apprenticeship programs can earn just as much, if not more, than their college counterparts, all while accumulating **zero student loan debt** and mastering their trade through state-of-the-art training programs. Apprenticeships in the unionized building trades are the gold standard in an **"Earn While You Learn"** Apprenticeship model.

Check out the list on the front to see the average journeyman wage rates, benefits and total packages of union workers! Wages are updated annually for each union.
